

## WorldSkills UK National Competitions 2021

This document contains links to the relevant competition pages on the WorldSkills UK website.

We are committed to ensuring that competitions can be delivered safely and effectively and therefore we have adapted competition delivery for the 2021 cycle. Competitions will take the form of either:

1. Localised delivery: the competition will take place at the competitor's college, training provider centre or workplace.
  2. Online delivery: the competition can be carried out from anywhere.
- All competitions will be assessed remotely.
