

SKILL-BUILD

DELIVERED BY CITB ■

CORE COMPETENCIES

Plastering and Drywall Systems

To take part in this competition you should be able to:

- Interpret drawings
- Set out partitions, allowing for openings and returns
- Measure and cut metal studwork and plasterboard to set dimensions
- Fix boards to studwork in line with industry standards
- Create openings in partitions
- Tape and joint the completed partitions
- Fix beads and tapes to openings and external angles
- Apply finishing coats where required
- Keep the work area clean and tidy
- Work in a safe manner

Competitors will be marked throughout the competition:

- Competitors will work to tolerances of + or – 2-3mm
- Competitors will gain marks for dimensional accuracy, plumbing, squaring and levelling their work as well as producing a quality surface finish
- Marks will be lost for inaccuracies, untidy or unsafe working practices and poor-quality finishing
- Competitors have to work in a safe manner and will lose marks if this is not adhered to
