

Electrical Installation Competition

worldskillsuk
excellence at work

Join our **Electrical Installation Competition** to boost your skills and employability!

Competitors will install different electrical and lighting circuits and containment systems. Competitors assessed on skills that reflect role and standards of an electrical technician including; accuracy, alignment, electrical terminations, functionality, planning, installation, and more.

Examples of the skills you will demonstrate during the competition:

- Installing lighting and power circuits
- Inspection, testing, fault-finding and rectification of installations
- Correct functioning of electrical circuitry

Registration

- Registrations are open between 26 February and 28 March 2024
- Top performers in National Qualifiers move on to the National Finals in November
- For registration inquiries, contact enquiries@worldskillsuk.org or call 0800 612 0742.
