OMRON

Join our **Automation Competition** to boost your skills and employability!

Automation is the control of machines and processes by systems through the use of technologies. This competition tests and develops your logic, design and fault-finding skills. Competitors will apply their knowledge and principles of automation.

Examples of the skills you will demonstrate during the competition:

- Test design
- Software programming
- Performance testing

Registration

- Registrations are open between 26 February and 28 March 2024
- Top performers in National Qualifiers move on to the National Finals in November
- For registration inquiries, contact enquiries@worldskillsuk.org or call 0800 612 0742.
