Electronic Security Systems Competition

Join our **Electronic Security Systems Competition** to boost your skills and employability!

Electronic security systems covers many different technologies and software that keep our homes and business's safe. Engineers will need to design, install, commission, handover, maintain and repair alarm systems, video surveillance, access control and more.

Examples of the skills you will demonstrate during the competition:

- Installation
- Maintenance
- Design

Registration

- Registrations are open between 26 February and 28 March 2024
- Top performers in National Qualifiers move on to the National Finals in November
- For registration inquiries, contact enquiries@worldskillsuk.org or call 0800 612 0742.
