BAE SYSTEMS

Join our **Heavy Vehicle Technology Competition** to boost your skills and employability!

Heavy vehicle engineers cover the maintenance/inspection and repair of trucks, buses, vans and more. Heavy vehicle engineering includes a wide range of excellent practical skills, high standards and critical thinking, processing applications and problem solving.

Examples of the skills you will demonstrate during the competition:

- Solve problems
- Collect, analyse and organise information
- Use current technology

Registration

- Registrations are open between 26 February and 28 March 2024
- Top performers in National Qualifiers move on to the National Finals in November
- For registration inquiries, contact enquiries@worldskillsuk.org or call 0800 612 0742.
