Mastercam Education | WorldSkills

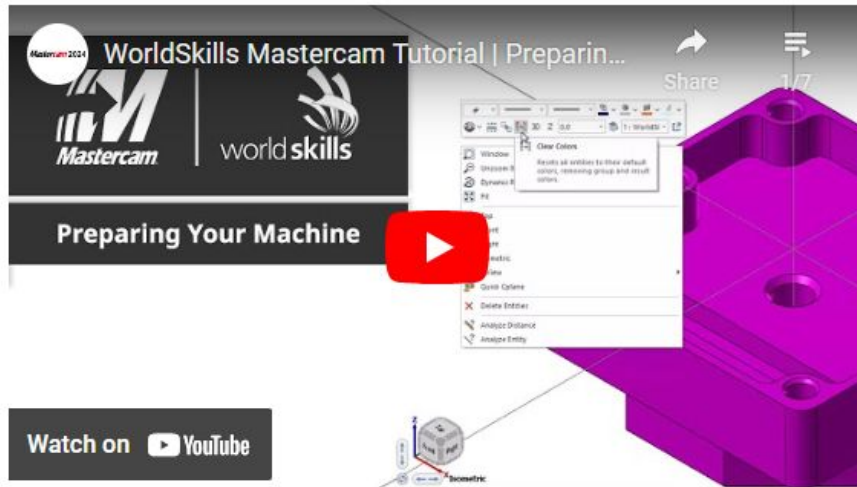

A good place to start is the WorldSkills Video tutorial series.

Scroll down the page to find it.

IMPORTANT - You will need the 3D models to complete the tutorial series

Click on 'Request Supporting Files' to download the 3D Models in STEP format

You can access the supporting pdf guides on the WorldSkills UK National Competition page

WorldSkills Mastercam Tutorials

Gear up for WorldSkills with our comprehensive 7-Part Tutorial series! As WorldSkills approaches, we're excited to assist and support competitors in mastering our Mastercam software. Explore each video covering essential topics like 'Preparing to Machine, Roughing and Finishing Operations, Holmaking, G-Code Generation,' and more.

Check out the full playlist and elevate your skills!

REQUEST SUPPORTING FILES

When you are ready to start using the tutorial series, download the PDF guide, work through them in order
Click on the 'Video Link' for each stage.

The written guides are designed to be used in conjunction with the videos

Mastercam Training Video Series

Video 1 - Preparing to Machine
